

FIG. 1

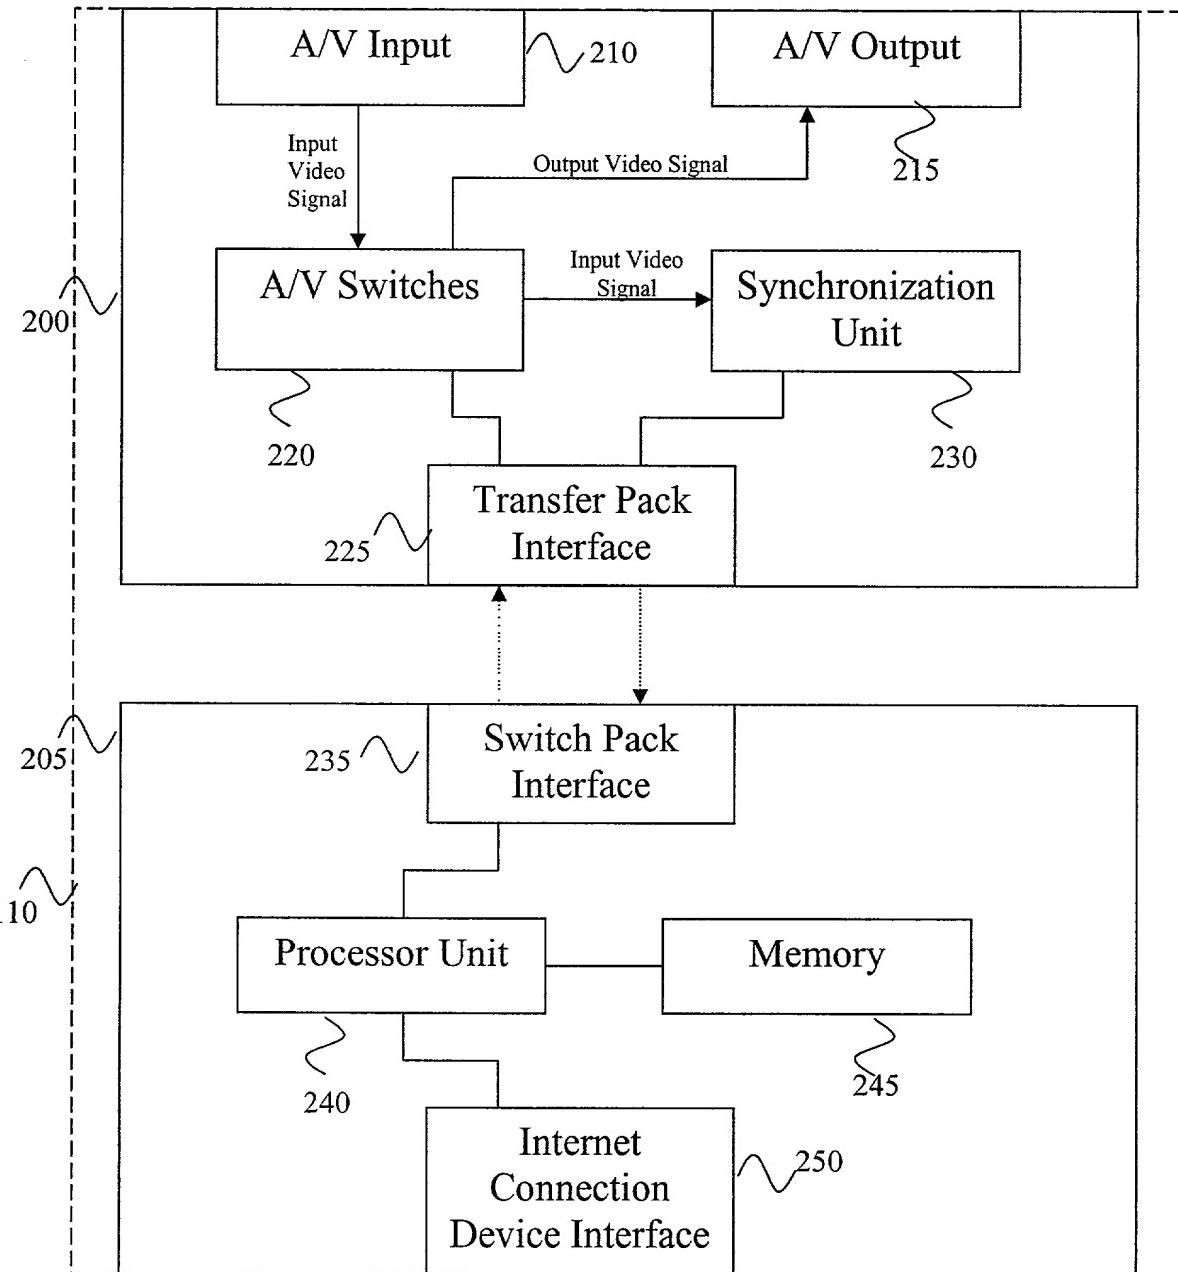

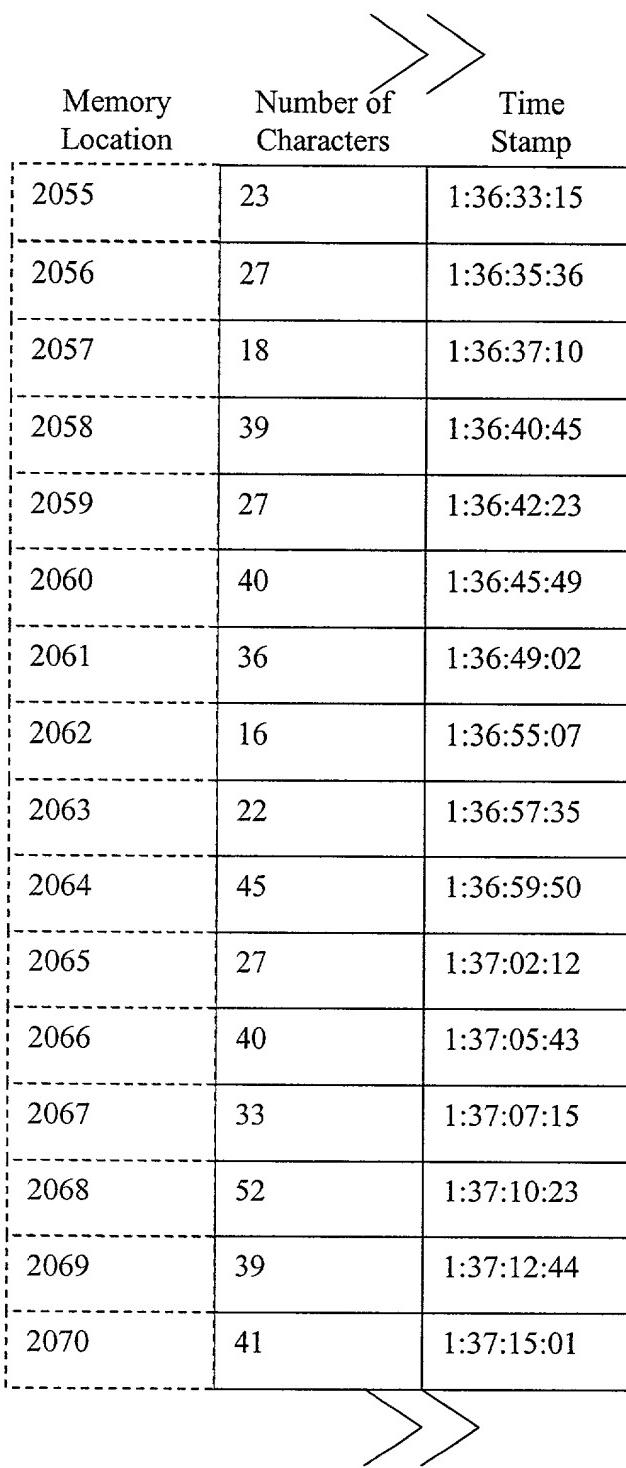

FIG. 2

The diagram illustrates a sequence of memory locations, each containing a specific number of characters, recorded at a particular time. The data is presented in a table with three columns: Memory Location, Number of Characters, and Time Stamp. The rows are connected by dashed lines, and the entire sequence is bracketed on the left and right sides.

Memory Location	Number of Characters	Time Stamp
2055	23	1:36:33:15
2056	27	1:36:35:36
2057	18	1:36:37:10
2058	39	1:36:40:45
2059	27	1:36:42:23
2060	40	1:36:45:49
2061	36	1:36:49:02
2062	16	1:36:55:07
2063	22	1:36:57:35
2064	45	1:36:59:50
2065	27	1:37:02:12
2066	40	1:37:05:43
2067	33	1:37:07:15
2068	52	1:37:10:23
2069	39	1:37:12:44
2070	41	1:37:15:01
